Dear [Redacted]

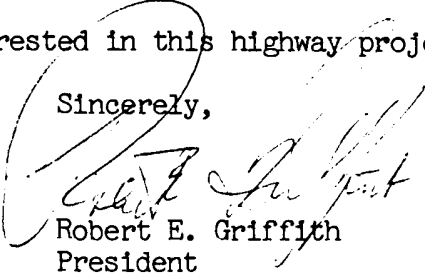

STAT

The purpose of this letter is to advise you and other appropriate officials of your agency that the officers and members of the Board of Directors of the Clearview Manor Citizens Association have unanimously accepted the proposed highway design plan (as presented at the April 7 and April 14 meetings) developed in connection with the expansion of the physical facilities at CIA. This acceptance action was taken by the Association at a meeting held April 9, 1986.

The Association has also requested that I express our sincere appreciation to you for your patient resolve in overcoming the initial objections raised to the original highway proposals raised by the members of this association and your full understanding of the impact of these proposals on our neighborhood. The Association further believes that the final proposal successfully overcomes many of the issues that were objectionable to the residents of Clearview Manor.

I am copying this letter to others interested in this highway project.

Sincerely,

Robert E. Griffith
President
Clearview Manor Citizens Association

cc: The Honorable William Casey, Director, CIA
The Honorable John Warner, Senate Office Bldg.
The Honorable Frank Wolfe, House Office Bldg.
Mrs. Gloria Adams, President, McLean Citizens Association
Mr. Kent Maxfield
